*Sixty Ninth
Commencement Ceremonies
of the
2015 Graduating Class
Saturday, May 16, 2015
Eleven O'Clock*

*320 Corporate Drive
Portsmouth, New Hampshire*

Commencement Speaker

David Hampson, CPCU, President & CEO, National Partner

David has over 37 years of insurance industry experience, with the past 27 years primarily focused on specialty insurance programs. David joined Willis in April of 1988 and is responsible for managing \$400 million in annual premium volume through seven locations in North America. David received his M.B.A. with a concentration in Risk Management and Insurance from the University of Georgia. He received his B.S. in Business with a major in insurance from Florida State University.

David has been active in professional organizations dedicated to the risk management and insurance profession and has lectured and published articles on various aspects of risk management, insurance and insurance program development. He has developed proprietary models for predicting the success of new insurance programs and analyzing the health of existing insurance programs.

David's prior board activities include: President of the Board of the New Hampshire Art Association and member of the Board of the Seacoast United Way. Currently David is a member of the Board of Target Markets, an association dedicated to the advancement of the insurance program management profession. David is also a member of the Board of Directors for Veterans Count of the Seacoast, an affiliate of Easter Seals of New Hampshire. Veterans Count is dedicated to helping veterans in need.

David lives in Portsmouth, New Hampshire with his wife Jo Ann. David and Jo Ann have four children, David, Jolene, Emily and Wesley and 2 grandchildren, DJ and Samantha. David is an avid sports fan and enjoys skiing, running, traveling and spending time with family.

In Memorium & Commencement Dedication

Catherine Tuttle, Blackboard Coordinator, Great Bay Community College

In March 2015 Great Bay Community College lost a wonderful friend, colleague, and instructor. After a courageous two-year battle with cancer, Catherine Tuttle passed away.

Cathy had a long history with Great Bay Community College. She started out as a student in 2004 and later joined the Great Bay staff. She held the positions of Assistant to the Associate Vice President of Academic Services, Assistant to the Vice President of Academic Affairs, and most recently as the Blackboard Coordinator. In addition, she was a much admired FYE instructor. Many students attribute their decision to continue their education because of Cathy.

Cathy had an amazing sense of humor. Her smile and warmth would light up a room. She brought out the best in us and made us believe in ourselves because she believed in us. Cathy also believed in education as the pathway to a better future. Over a ten year period she completed both her associate and bachelor degrees while working full time and raising a family. She was nearly finished with her Master's degree when illness struck. It is fitting that on this graduation day, we, her friends and colleagues commemorate her zest for love, life, and learning.

*Processional	Pomp and Circumstance The Jazzdogs
Faculty Marshal and Mace Bearer	Michael Gordon, Ph.D. Program Coordinator/ Professor Chemistry, Departments of Life and Physical Sciences
Student Marshal	Matthew Joseph Valcancick Class of 2015
*Invocation	Sr. Helen Burke, Ed.D. Professor, Department of Nursing
*Anthem	National Anthem

Academic Costume

American academic costume had its origin in the ancient European universities, where it distinguished academic persons, such as doctors, licentiates, masters, and bachelors from other parts of the population. Gowns probably were a necessity because of unheated buildings, and hoods were needed to cover the heads of medieval scholars.

As they were founded, American colleges and universities adopted the gown, hood, and cap from their European antecedents. No uniform code or system existed until late in the nineteenth century. Then in 1902 an Intercollegiate Bureau of Academic Costume was chartered by the Regents of the State of New York to serve as an arbiter on matters of academic dress.

Bachelors' gowns have closed fronts and long, pointed sleeves. Masters' gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. Doctors' gowns may be open or closed and have velvet facing, and three velvet bars on the round open sleeves. Presidential regalia are unique among academic vestments in that they symbolize the president's rank and authority as the chief official of the institution rather than reflecting an individual's academic credentials. There are four velvet bars known as "chevrons" on the sleeves of presidential regalia. Their hoods are reflective of degrees actually held by the wearers or those especially prescribed for them by the institution.

Hoods are the most distinctive features of the American code, and they are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. The color of the hood border indicates the nature of the degree earned.

The black mortarboard cap is worn for all degrees. Only Doctors' caps may be made from velvet and only Doctors or Presidents may wear gold tassels on the cap.

The Ceremonial Mace

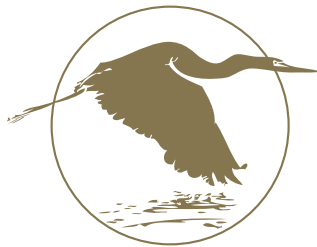

The mace, once carried as a weapon in medieval times, is now a symbol of scholarship and integrity at special academic occasions such as graduation. The ceremonial mace identifies the authority of the president of the institution and the mace-bearer often leads an academic procession. The Great Bay Community College ceremonial mace is 48" high and crafted from black walnut. The mace features the College seal.

Message from the President

Today you go forth into a world full of opportunities and challenges. There will be days where things seems easy, and days where things seem difficult. Timing is everything, and you are entering into an economy that is continually seeing improvement from what it was just a few years ago. You will be successful whether you are going straight to work or transferring to continue your studies.

I challenge you to continue to learn and improve because this world is both fragile and fluid. You must always think big, focus on the big picture, and look outside of yourself. Give more than you take and try to improve your community, your state, and the world that you live in. We as humans must take care of the earth that we live on because it is a precious gift and what we call 'home'. Remember to always live life to the fullest, love endlessly, and cherish the precious memories you make with your families and friends. I wish you nothing but success in all of your future endeavors, and ask that you always remember the time you spent here at Great Bay.

Wildolfo Arvelo, Ed.D.
President
