

MOTORCYCLE MAINTENANCE & REPAIR

Certificate

The goal of the program is to prepare the student to work in the increasingly sophisticated and complex field of motorcycle technology through a combination of classroom instruction and hands-on skill development. Technicians must be able to work with electronic diagnostic equipment, read and understand technical manuals, investigate to find the cause of a problem, and connect effectively with the customer. Students will use a variety of tools, including both manual and high tech equipment to assess, identify problems, and perform repairs.

The Motorcycle certificate begins in the fall semester only. Classes meet on Tuesdays, Wednesday and Thursday from 9:00am - 5:30pm at Seacoast Harley - Davidson in North Hampton, NH. The certificate can be completed in 24 weeks/2 semesters.

Admissions Criteria:

- Complete an application to the certificate
- Provide official copy of High School completion or equivalent (GED/HiSet Scores)
- Applicant must possess and provide a valid motorcycle license.
