

Transfer of Credit from Great Bay Community College to the University of New Hampshire

UNH GENERAL EDUCATION REQUIREMENTS FOR UNDERGRADUATES

This document is a listing of Great Bay Community College (formerly NHCTC Stratham/Portsmouth) courses which will transfer to UNH as General Education Requirements. Use of GBCC transferable courses toward major requirements at UNH is the decision of the appropriate UNH academic department.

This chart was developed by Barbara Wheatcraft, UNH Admissions, and Erica Brown, Career/Transfer Services Coordinator at Great Bay Community College. For additional information contact Erica Brown by email: esbrown@ccsnh.edu or phone: 603-775-2377.

No credit for courses taken prior to fall 1999 at NHCTC will transfer to UNH unless these courses received individual transfer approval prior to that date.

The following General Education rules apply for UNH students admitted for September 1984 or later.

To be graduated from the University, students must fulfill four types of requirements: University (General Education), writing, degree, and major requirements.

BA candidates must also satisfy a foreign language requirement. *No credit is awarded for elementary year college coursework if students have had two or more years of that language in high school.*

In addition to the particular requirements for specific degrees, all candidates for a bachelor's degree must obtain a passing grade in a minimum of 128 credits in courses numbered 400-799, must maintain a cumulative grade-point average of at least 2.00 for all courses taken at the University in which a grade is given, and must successfully meet, as soon as possible in their University careers, the following General Education Requirements:

- **One course in Writing Skills (satisfies First Year Composition component of writing requirement)**
- **One course in Quantitative Reasoning**
- **Three courses in Biological Science, Physical Science, or Technology, with no more than two courses in any one area**
- **One course in Historical Perspectives**
- **One course in Foreign Culture (may also be satisfied by approved study abroad programs)**
- **One course in Fine Arts**
- **One course in Social Science**

- **One course in Works of Philosophy, Literature, and Ideas**
General Education courses cannot be taken on a Pass/Fail basis. No single course may be counted in more than one General Education category. Academic departments may or may not permit General Education courses to count toward requirements for a major.
